#### **INDEPENDENT AUDITOR'S REPORT**

March 7, 2019

To the Board of Directors Michigan Health Endowment Fund

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Michigan Health Endowment Fund (the "Fund," a Michigan non-profit Corporation), which comprise the statements of financial position as of December 31, 2018 and 2017, the related statements of activities and cash flows for the years then ended, and the related statement of functional expenses for the year ended December 31, 2018, as well as the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

The Fund's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion.

Board of Directors Michigan Health Endowment Fund March 7, 2019 Page Two

#### **INDEPENDENT AUDITOR'S REPORT (CONTINUED)**

#### **Auditor's Responsibility (continued)**

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Michigan Health Endowment Fund as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

#### **Adoption of New Accounting Pronouncements**

As discussed in Note A, effective January 1, 2018, the Fund has adopted the disclosure provisions contained in Accounting Standards Update 2016-14, *Presentation of Financial Statements in Not-for-Profit Entities*.

#### **NOTES TO FINANCIAL STATEMENTS**

December 31, 2018 and 2017

## NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Nature of Organization**

Michigan Health Endowment Fund (the "Fund") was established in January 2014 as a Michigan non-profit Corporation. The Fund's purpose is to support efforts that improve the health of Michigan residents while reducing costs, with a specific focus on those efforts that benefit the health and wellness of minor children and seniors. The Fund was established in accordance with State of Michigan Public Act 4 of 2013 (the "Act").

#### **Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting, which includes recognition of revenue when earned and expenses when incurred.

### **Adoption of New Accounting Pronouncements**

In August 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. ASU 2016-14 modifies the requirements related to financial statement presentation for non-profit organizations. The major provisions of ASU 2016-14 are as follows:

- Information about net assets and changes in net assets is reported for two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.
- Reporting of expenses by both function and nature in one location is required for all non-profit organizations.
- Either the direct method or the indirect method for presenting operating cash flows may continue to be used, but the requirement for those entities using the direct method to prepare a reconciliation with the indirect method is eliminated.
- Quantitative information that communicates the availability of the organization's financial assets as of the statement of financial position date to meet cash needs for general expenditures within one year is required to be presented on the face of the financial statements or in the notes to the financial statements.
- Qualitative information on how the organization manages its liquid available resources and liquidity risks is required to be disclosed in the notes to the financial statements.
- Reporting of the "underwater" amounts of donor-restricted endowment funds in net assets
  with donor restrictions and enhanced disclosures about "underwater" endowments are
  required.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

## NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Adoption of New Accounting Pronouncements (continued)**

- The portion of endowment funds that is not specifically restricted by donors is no longer considered to be subject to an implicit time restriction and is now classified in net assets without donor restrictions.
- Other enhanced disclosures regarding board designations and appropriations, the nature of net assets with donor restrictions, and functional expense allocation methods are required.

The Fund adopted the provisions of ASU 2016-14 as of January 1, 2018. These provisions have been retrospectively applied to the disclosures in the accompanying financial statements as of, and for the year ended, December 31, 2017, except for reporting expenses for the year ended December 31, 2017 by both function and nature and including disclosures regarding liquidity and availability of resources as of December 31, 2017, as permitted by ASU 2016-14. The adoption of this pronouncement did not impact the Fund's net assets.

#### **Basis of Presentation**

The Fund reports information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions. The Fund further reports information regarding its net assets and activities without donor restrictions separated between undesignated net assets and designated net assets.

#### **Recognition of Contributions**

Contributions received are recorded as support with donor restrictions or without donor restrictions, depending on the existence and/or nature of any donor restrictions. Unconditional contributions are recorded as support at the time verifiable evidence of the pledge is received. Conditional contributions are not recorded as support until the condition is met, at which time they become unconditional.

The Fund reports contributions of cash and other assets as support with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is when a purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statements of activities as net assets released from restrictions.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

## NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Designated Net Assets**

The Fund's Board of Directors may designate contributions or net assets without donor restrictions toward specific future Fund activities. In these cases, the contributions or net assets will be transferred to designated net assets until such time as the specific activity occurs, at which point they will be transferred back to undesignated net assets to be expended. The Fund's Board of Directors designated \$30,000,000 and \$34,000,000 for the Medicare Supplemental Insurance Subsidy program as of December 31, 2018 and 2017, respectively. The Medicare Supplemental Insurance Subsidy program is required under the Act.

#### **Investments**

The Fund's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Investments in registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Fund as of the end of the year. Commercial paper, corporate bonds, mortgage and asset-backed securities, municipal bonds, U.S. Treasury securities, common and collective trusts, and limited partnerships which are not publicly traded on an open market are valued at quoted market prices if actively traded, or through a pricing model that utilizes benchmark yields, reported trades, active market quotes, and current spreads, among other factors.

Purchases and sales of investments are reflected on a trade-date basis. Net appreciation and depreciation include gains and losses on investments bought and sold, as well as held, during the year. Gains and losses on investments sold are generally determined on the specific identification method, with the amount realized reflecting the difference between fair value on the date of sale and original cost. Unrealized gains and losses represent the change in the fair value of investments during the year. Investment income is accrued as earned.

#### **Cash Equivalents**

For purposes of the statements of cash flows, the Fund considers all short-term, highly liquid securities purchased with original maturities of 30 days or less to be cash equivalents.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

## NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Fixed Assets**

Fixed assets are recorded at cost or, if donated, at fair value on the date of the donation. The costs of fixed assets have been capitalized and are being depreciated over the useful lives of the respective assets, which range from three to 40 years, using the straight-line method. The Fund's policy is to capitalize acquisitions of \$1,000 or more. Depreciation expense was \$11,224 and \$11,923 for the years ended December 31, 2018 and 2017, respectively.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### **Fair Value Measurements**

The Fund uses fair value measurements in the preparation of its financial statements, which utilize various inputs, including those that can be readily observed, corroborated, or are generally unobservable. The Fund utilizes market-based data and valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Additionally, the Fund applies assumptions that market participants would use in pricing an asset or liability, including assumptions about risk.

The measurement of fair value includes a hierarchy based on the quality of inputs used to measure fair value. Financial assets and liabilities are categorized into this three-level fair value hierarchy, based on the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable inputs.

The various levels of the fair value hierarchy are described as follows:

 Level 1 — Financial assets and liabilities whose values are based on unadjusted quoted market prices for identical assets and liabilities in an active market that the Fund has the ability to access

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

## NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Fair Value Measurements (continued)

- Level 2 Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable for substantially the full term of the asset or liability
- Level 3 Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement

The use of observable market data, when available, is required in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

#### **Grants**

Grants, including unconditional promises to give, are recognized as expenses in the period the unconditional promises are made at their fair value. Unconditional promises to give over a future period of time are recorded at the present value of their estimated future cash flows using a discount rate that approximates the prime rate at the origination of the promise to give. Multi-year awards granted in 2018 and 2017 were discounted at the rate of 4.25 percent (which was the prime rate) as of December 31, 2018 and 2017.

#### **Risks and Uncertainties**

The Fund invests in various securities, including registered investment companies, commercial paper, corporate bonds, mortgage and asset-backed securities, municipal bonds, U.S. Treasury securities, common and collective trusts, and limited partnerships. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities that could materially affect the amounts reported in the financial statements will occur in the near term.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

## NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Tax-Exempt Status**

The Fund is organized under section 501(c)(3) of the Internal Revenue Code ("IRC") and has received a determination of its tax-exempt status from the Internal Revenue Service as a Type I supporting organization under IRC section 509(a)(3). The Fund's management is not aware of any uncertain tax positions or unrecognized tax benefits as of December 31, 2018 or 2017.

#### **Concentration of Credit Risk**

Financial instruments which potentially subject the Fund to concentrations of credit risk consist principally of cash, cash equivalents, and investments.

Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed the federally insured limit of \$250,000 per depositor at each financial institution. As of December 31, 2018, approximately \$238,000 of the Fund's cash equivalents was placed at a financial institution whose balances are insured by the Security Industries Protection Corporation. This insurance protects against loss of shares, but does not protect against loss of value. The remainder of the Fund's cash and cash equivalents balance was placed at another financial institution; the entirety of this balance as of December 31, 2018 was invested in a short-term repurchase agreement which is not federally insured. Investments are diversified among various registered investment companies, commercial paper, corporate bonds, mortgage and asset-backed securities, municipal bonds, U.S. Treasury securities, common and collective trusts, and limited partnerships.

#### **Allocation of Expenses**

The Fund records grants issued, the Medicare Supplemental Insurance Subsidies, and related direct expenses as program service expenses. Other costs directly attributable to a function are recorded in the appropriate function. Costs not directly attributable to a function, including certain salaries and benefits, are allocated to functions based on time studies of the particular individuals.

#### **Reclassifications**

Certain reclassifications have been made to the accompanying financial statements as of, and for the year ended, December 31, 2017 to conform to classifications used as of, and for the year ended, December 31, 2018.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

## NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Subsequent Events**

The Fund has evaluated subsequent events through March 7, 2019, the date that the accompanying financial statements were available to be issued. The Fund did not identify any subsequent events that would require recognition or disclosure in the financial statements.

#### NOTE B — CONDITIONAL PROMISES TO RECEIVE

Conditional promises to receive are recognized when the conditions on which they depend are substantially met. As of December 31, 2018, the Fund has a conditional promise to receive of \$1.21 billion from Blue Cross Blue Shield of Michigan ("BCBSM"), as required by the Act. Under the agreement between the Fund and BCBSM, the payment plan is an annual cap amount scheduled to be paid on or before April 1 of each year, from 2014 through 2031, or the date when total contributions made by BCBSM to the Fund reaches \$1.56 billion. Payments vary by year, and may be accelerated or delayed upon the occurrence of various conditions. Two primary conditions relate to BCBSM achieving specified risk-based capital levels, as well as any other adjustments or relief which the Michigan Department of Insurance and Financial Services may grant.

### NOTE C — INVESTMENTS AND FAIR VALUE (CONTINUED)

For the years ended December 31, 2018 and 2017, the Fund's net investment income (loss) is summarized as follows:

	2018	2017
Net realized and unrealized gain (loss) Interest and dividend income	\$ (14,030,447) 5,956,212	\$ 13,101,967 4,235,669
	(8,074,235)	17,337,636
Less: Investment manager fees	(132,168)	(74,881)
Net Investment Income (Loss)	\$ (8,206,403)	\$ 17,262,755

#### NOTE D — GRANTS PAYABLE

The Fund's Board of Directors has approved grants payable in 2018 and 2017; the unpaid amounts as of December 31, 2018 and 2017, for which all conditions have been met, are scheduled to be paid as follows:

	2018	2017
Amounts due in:		
Less than one year	\$ 11,886,543	\$ 5,777,814
One to five years	1,738,420	2,309,004
	13,624,963	8,086,818
Less:		
Discount (at 4.25 percent)	(21,954)	(115,632)
	\$ 13,603,009	\$ 7,971,186

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

### NOTE E — ENDOWMENT FUNDS

The Fund received contributions from BCBSM as shown on the statements of activities (see Note B). The Fund may expend a portion of the contributions in each year for operations and in fulfillment of its mission to a maximum amount specified in the schedule below. In addition, the Fund must contribute to an endowment fund (the "MHEF Endowment Fund"), at a minimum, a portion of each year's contribution according to the following schedule:

Years	Available for Expenditure	Required for Endowment Fund
2014-2017	80 %	20 %
2018-2021	67	33
2022-2025	60	40
2026-2031	25	75

The Fund's Board of Directors has interpreted the Michigan Uniform Prudent Management of Institutional Funds Act (the "Michigan UPMIFA") as requiring the preservation of the fair value of the deposits contributed to the MHEF Endowment Fund. In accordance with the Fund's spending and endowment fund policy, the Fund classifies in net assets with donor restrictions a portion of the annual contributions not less than the minimum required to be maintained in the MHEF Endowment Fund by the schedule above. Although the income generated by the MHEF Endowment Fund may be used to support various activities of the Fund, the remaining portion of the MHEF Endowment Fund that is not classified in net assets with donor restrictions, including voluntary additional deposits authorized by the Fund's Board of Directors, is classified in net assets without donor restrictions. Once the accumulated principal held in the MHEF Endowment Fund reaches \$750 million, that balance will be required to be maintained in perpetuity to provide ongoing income to the Fund.

The Fund also received a \$2 million contribution in 2017 from the Ralph C. Wilson Jr. Foundation to establish the Ralph C. Wilson Jr. Foundation Endowment Fund (the "Wilson Foundation Endowment Fund"), with distributions restricted to support staff dedicated to grantmaking and collaboration in the Caregivers Key Area of Focused Investment.

The Fund's Board of Directors has interpreted the Michigan UPMIFA as requiring the preservation of the fair value of the contribution as of the gift date, absent explicit donor stipulations to the contrary. Accordingly, the Fund classifies the original value of the \$2 million contribution, as well as the remaining balance in the Wilson Foundation Endowment Fund and future contributions, in net assets with donor restrictions.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

### NOTE E — ENDOWMENT FUNDS (CONTINUED)

The annual amount of income available for distributions from the Wilson Foundation Endowment Fund is five percent of the fair value of the Wilson Foundation Endowment Fund's assets, based on a 12-quarter rolling average of the fair value ending on September 30 of the prior year.

From time to time, the fair value of assets associated with individual endowment funds that have donor restrictions may fall below the level that the donor or the Michigan UPMIFA require the Fund to retain as a fund of perpetual duration. A deficiency of this nature exists in the Wilson Foundation Endowment Fund, which has an original gift value of \$2,000,000, a current fair value of \$1,847,478, and a deficiency of \$152,522 as of December 31, 2018. This deficiency resulted from unfavorable market fluctuations that occurred toward the end of 2018. There were no appropriations for expenditures from the Wilson Foundation Endowment Fund for the year ended December 31, 2018. Compensation for the support staff has been paid out of the Fund's operating fund. The balance is classified in net assets with donor restrictions.

The assets of the MHEF Endowment Fund and the Wilson Foundation Endowment Fund (collectively, the "Endowment Funds") may be invested only in securities that Michigan law permits for life insurance companies. The Fund's current policy is to allocate investments in a manner to avoid undue risk concentration in any single asset class or investment category. The general policy is also to diversify investments among industries to prevent overexposure to any one part of the economy. The asset allocation is monitored on an ongoing basis, reviewed, and rebalanced, if necessary, at least annually.

Refer to the accompanying financial statements for information regarding the composition of the balance of the Endowment Funds as of December 31, 2018 and 2017, as well as reconciliations of the fair value of the assets of the Endowment Funds for the years then ended.

The composition of net assets with donor restrictions as of December 31, 2018 and 2017 is as follows:

	2018	2017
Endowment Funds:		
MHEF Endowment Fund	\$ 82,050,000	\$ 54,000,000
Wilson Foundation Endowment Fund	2,000,000	2,000,000
	\$ 84,050,000	\$ 56,000,000

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

#### NOTE F — LEASES

The Fund leases certain facilities under operating leases which expire at various dates through April 2027.

Future minimum rental commitments are as follows:

For the	Years	Ending	December	31:
---------	-------	--------	----------	-----

2019	\$ 109,688
2020	104,509
2021	86,377
2022	86,377
2023	86,377
2024-2027	284,804

Total Minimum Lease Payments \$ 758,132

Rental expense under these leases was \$114,064 and \$101,506 for the years ended December 31, 2018 and 2017, respectively.

#### NOTE G — EMPLOYEE BENEFIT PLANS

The Fund established a salary deferral plan under IRC section 457(b) for key executives. As part of this plan, the Fund reports assets and liabilities of equal amounts attributable to the amount deferred and the related investment earnings. The Fund accrues the liability at the maximum allowable federal limit each year, with an interest rate of five percent per annum, without segregating the asset. The balance in this deferred compensation plan is \$80,268 and \$58,275 as of December 31, 2018 and 2017, respectively.

The Fund also established a safe harbor thrift plan under IRC section 403(b) to enable its employees to accumulate long-term savings for retirement. The Fund makes matching contributions at 100 percent of employee contributions, up to three percent of eligible employees' compensation, and at 50 percent of employee contributions exceeding three percent, but not exceeding five percent, of compensation. For the years ended December 31, 2018 and 2017, the Fund contributed \$50,820 and \$38,506, respectively.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

### NOTE H — LIQUIDITY AND AVAILABILITY OF RESOURCES

The Fund considers only operating fund financial assets to be available for general expenditures within one year. As of December 31, 2018, such financial assets are as follows:

Cash and cash equivalents	\$	779,965
Accrued interest receivable		561,952
Investments	6	3,607,023

Financial Assets
Available to Meet
General Expenditures
within One Year

\$ 64,948,940

As of December 31, 2018, the Fund has \$64,948,940 in financial assets available for operations, including payment of prior grant obligations, as reflected on the accompanying statements of financial position. The Fund invests its liquid assets into short-term bonds and money market funds, and targets the maturities of those investments to meet the Fund's anticipated expenditures.

#### NOTE I — NEW ACCOUNTING PRONOUNCEMENTS

The FASB issued ASU 2016-02, *Leases (Topic 842)*, in February 2016. ASU 2016-02 requires the recognition by lessees of assets and liabilities that arise from all lease transactions, except for leases with a lease term of 12 months or less. The lessee accounting model under ASU 2016-02 retains two types of leases: finance leases, which are to be accounted for in substantially the same manner as the existing accounting for capital leases, and operating leases, which are to be accounted for (both in the statement of activities and the statement of cash flows) in a manner consistent with existing accounting for operating leases. ASU 2016-02 also requires expanded qualitative and quantitative disclosures regarding the amount, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 applies to the Fund's financial statements for the year ending December 31, 2020, with earlier implementation permitted. The Fund's management has not determined the impact on its financial statements as a result of implementing ASU 2016-02.
